BANGOR DAILY WHIG AND COURIER

BY SMITH & SAYWARD. MONDAY, JUNE 12, 1848. VOLUME XIV.....NUMBER 295.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practised in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr. D. most solemnly affirms that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given to purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, DR. PETER D. DOUGLASS, at his Office, No. 55 Union street Boston at $5 per box where he can be constantly consulted on every disease incident to the human frame, and the patient rely upon the most scientific course of treatment that can possibly be adopted

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels,

—for—

SAW MILLS,

Invented by J. R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them, with the same head and quantity of water applied, as possessing and combining *more Strength and Speed*, and giving a more *uniform and Steady Motion* in and out of the cut (and therefore not liable to break cranks;) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere

We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts, now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ITHAMAR A. BEARD, Esq., *Civil Engineer*—Lowell, Mass. who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats the number depending upon the size and vent of the wheel, each extending so far around the wheel, that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel. The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved, which in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water, and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water. But a Wheel with the jets rightly gauged for a high head will not answer for a low one, and vice versa for as the head increases, the width of the jets should be proportionably decreased, so that the water may not come to waste, and not give its entire effect to the Wheel.

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels, and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless, is less liable to need repairs, easily accessible when they are needed, costs much less in the outlay, is more durable, and takes very much less room in a mill or shop.—Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel.

"ITHAMAR A. BEARD, *Civil Engineer.*"

Important Letter.

MESSRS. CURTIS & SMITH.

Dear Sirs—I herewith enclose you a few lines relative to your "Downs's Elixer" which, for the benefit of the sufferers, if you think worthy you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life. Her symptoms were, bad cough, pain in the side and stomach, night sweats, and other precautionary signs of pulmonary consumption. We consulted our best physicians, who gave her little prospect of relief, and finally pronounced her case incurable consumption. She continued to become weaker, and the symptoms more confirmed.

About this time, at the suggestion of a friend, she concluded to try Downs' Elixer. Having procured a bottle from your agent (S. R. Byram, of Eastport) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system.—After having continued its use most of the time for nearly a year, she can be herself cured. She is now able to go about the house, and superintend affairs as usual. Under God we believe that to Downs' Elixer, alone, she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success. Yours truly,

(Signed) SWAIN P. NORDSTROM.

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country almost daily.

DOWNS' ELIXER is unquestionably the best article known for the cure of *COUGHS, COLDS* and *CONSUMPTION*. It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public

In cases of *WHOOPING COUGH* it needs only to be tried to give a preference over all other remedies. It immediately breaks up the cough, and renders a more plaything what is otherwise a scourge and terror. For the *CROUP* it is a positive cure. We speak with confidence, for it has never failed, and we believe never will, when used according to directions

Pamphlets, giving a full description, to be had of agents in almost every town and village in the country, and of the following, who are prepared to sell at wholesale or retail

WHIG NOMINATIONS.

FOR PRESIDENT,

GEN. ZACHARY TAYLOR.

FOR VICE PRESIDENT,

MILLARD FILLMORE.

FOR GOVERNOR,

EL JAH L. HAMLIN.

Hang out the Banner.

We joyfully fling out to the free and generous breeze, our banner displaying the names of the People's favorites, the candidates of the Whigs, the head-men of the nation,

ZACHARY TAYLOR,

AND

MILLARD FILMORE.

It will be a pleasant and a grateful labor to advocate the claims of these men. The ticket has in it the prestige of success. It appeals to the confidence of the PEOPLE—to those whose desire is that the government be safely and honestly administered. It is a ticket full of encouragement of hope, and its calm and prudent support will insure victory. Even our neighbor of the Democrat said awhile since that GEN. TAYLOR would be elected President if nominated by the DEMOCRATS and as he had been so nominated, of course he is bound to succeed. We feel very happy to-day in the nomination we offer to the support of all honest voters. We feel no small degree of pleasure—indeed we feel a little exultant, that Maine has shown herself, in the action of her late State Convention, possessed of sufficient self reliance to entertain an independent opinion of her own and to express that opinion frankly, though it differ from her sister and even her mother State. We feel gratified that of the delegates from Maine in the National Convention, our statement, that five preferred Taylor has been verified. Let now every Whig prepare himself for securing the election of these men and all will be well.

Z.
Z. TAYLOR. Z.

Our venerable friend JAMOCK of the Express hung out his Banner on the four "Z's" immediately on hearing of the nomination of GEN TAYLOR.

GEN. ZACHARY TAYLOR.

The Whig National Convention to whose fiat the great mass of the Whigs throughout the country submitted the important subject of selecting candidates for the Presidency and Vice Presidency, have deliberately chosen from the great mass of our country and our age, GEN ZACHARY TAYLOR as the wise and prudent and right honest leader of our country on to her mission of peace, industry and liberty working out by the best methods the highest physical, moral and intellectual welfare of the people.

Right worthy is he of the honour conferred—he is a manlier at true heart—of an upright and manly character—of long tried and unflinching patriotism—of a frank, open and candid nature. He has not been corrupted by the pernicious influences at Washington but has preserved his good name and his honest soul untainted. In his command of the army on the Rio Grande he has shown self possession and self reliance which prove the strength of his mind and that he possesses that true administrative power which eminently fit him to fill the Presidential chair and to lead the country out from the Egypt of her sins, her errors, her mistakes, and corruptions, into the Canaan of peace, prosperity honor and happiness. Under his administration, and we think the country is to be favored with and to enjoy such administration, we shall have the best, the purest, the wisest administration the country has known for a long, long period.—Those who may oppose his election will rejoice in the calm, high minded and conservative course which the good old General will pursue, in making the government contribute to the general welfare.

The influence of such a man in the Executive chair may be easily inferred from what he has accomplished in his campaign in Mexico. The country saw him there in the midst of a hostile population, at the head of a feeble army, without any prospect of support from home, devoid of the necessary means to carry on his forces from their most signal victories, and an object of jealousy to the Administration. It was at this time that his administrative talent burst forth with unclouded lustre. He bonoeiated the fierce multitude of foreigners, whose every look betrayed the intensity of a deeply settled hatred towards strangers differing from them in language and religion; he not only rendered them innocuous by mild and gentle means, but even made them friends; he was not content with winning them over so far that they offered no serious obstacle to his operations, but he even made them subservient to his plans. In his own army—composed of raw volunteers, who saw service for the first time—to whom habits of obedience and discipline were strange—who were naturally disposed to rebel against the exercise of an officer's authority—and who were surrounded by difficulties of a nature well calculated to daunt even veterans, that had faced death on an hundred fields—he preserved the most exact order, regulating every thing to suit his own wishes, and directing those energies, which, under another, might have been made the agents of disorder and ruin, to the accomplishment of his country's glory. This is the practical exercising of the true qualities of a Statesman, and of a superior order of intellect.

It is somewhat gratifying to us, we must confess that the loco press, as well as others, have discovered that there is a presiding spirit presiding of success and Gen Taylor.

The New York Evening Post, one of the most able of the Democratic papers and a supporter of the 'Barnburners' made the following remarks upon the announcement of the nomination of Gen Taylor:—

General Taylor has been nominated by the Whig Convention at Philadelphia. It was ordained at a meeting of the delegates held last evening that he had a majority of the machine, and this morning the friends of Clay seem to acquiesce without a struggle. The course for victory was marshalled with the Whigs than the nomination of an old leader of their own principles. So eager is their appetite for the sweets of power, and so lively is their good fortune to table them, that they seem willing to purchase them at almost any sacrifice.

We now look upon the Presidential question as virtually settled; *General Taylor will be the Presidential Chair on the fourth of March if he is alive.* He will sweep the South from Cape May to Key West, and from the Ohio to the Rio Grande. Virginia will give her voice for Clay or separately as South Carolina. Not one of the States, to purchase whose support the letter of Cass on slavery was written, will in all probability, give the author of that letter a vote for the Presidency. In the North the prospects are equally less satisfactory. This very nomination of Taylor neutralizes, in an instant, an influence which yesterday was exceeding strong in favor of Mr Cass. The worshippers of power will now turn their fates to the rising sun. Many office will not care to offend the heir apparent, who professes an indulgent policy in regard to political opinions, and who is pledged by papers written again and again, to know no party bias in the distribution of office. If we be have our offices with tolerable propriety, they will say to themselves, 'he will not remove us merely because we have been appointed by a democratic administration.'

The great error of the present administration in adopting and confirming the last or Baltimore proceedings of Mr Tyler in regard to the annexation of Texas we think must be now manifest to Mr Polk and his cabinet.

—Even handed justice
Commands the ingredients of the poisoned chalice
To their own lips.

The precipitate incorporation of Texas under the first of the resolutions adopted by Congress—setting aside altogether the mild, safe, and wise alternative proposed by Mr Benton, and left to Mr. Polk's discretion, brought on the war with Mexico; the war with Mexico brought General Taylor before the public notice, gave him his popularity, and armed him with strength to overturn the administration.

It is remarkable that this blow came from the South—the South which was gratified by annexing Texas into the Union, the South to propitiate which Mr Cass wrote his famous but fatal letter. A southern candidate armed with a vast personal popularity is thrown—or rather is forced him upon the Whig conventions, and southern votes will make him President.

The N Y Globe, a Barnburner paper says:

"Cass is defeated the moment Taylor is nominated by the Whigs. There are not three States in the Union, the contest is between Taylor and Cass, that Cass can carry. We believe that if Gen Taylor is nominated, he will be elected President, no matter what is the action of the Barnburner party of this State."

The Whigs have now a ticket of which they may well be proud and to which they should give their hearty support. No time is to be lost now in effecting a thorough and a hearty organization. The opponents of Gen Taylor will have every one unburned, no means untried to defeat his election. Let the contest be not entirely but effectively. No man need to be absent, no every man appealed to as an honest, intelligent freeman to give his vote for Gen. Taylor and thus secure a safe administration.

☞ The Whig press in Maine, and so generally, and so far as we know, universally, will support the nominations of the Whig National Convention. This is well. There is no hesitation now in the Whig party for all who are true, and willing to support

GENERAL TAYLOR

for the Presidency. All such should be cordially received and cheered in their labors.

Treaty Ratified by the Mexican Senate, and ratifications Exchanged.

By the Pony Express, we have New Orleans dates to the 1st inst.

The steamer Heinzel had arrived at New Orleans from Vera Cruz bringing advices from the city of Mexico to 4 P M of the 26th of May.

The Treaty of Peace was ratified by the Senate of Mexico on the 22d of May, by a vote of 23 yeas to 5 nays.

The U S Commissioners, Messrs Sevier and Clifford, arrived at Queretaro on the 23d, and an exchange of ratifications immediately took place.

An order was issued for the army to be on the march, to embark for the United States, in few days, and the Mexicans are said to have entertained great fears that the Indians would molest them after the army had retired.

Gen Kearney had been appointed to succeed Gen Smith in the command of the City of Mexico, while the latter was employed in superintending the embarkation of the troops.

All Mexicans under sentence of death had been pardoned.

GET OUT OF THE WAY.

Tune,—Old Dan Tucker.

The moon was shining a river bright,
The stars with glory filled the night,
While to music of old Daniel Tucker
Was singing, as he went from supper;
Chorus—Get out of the way, you're slow and shady,
Clear the track for 'Tough and Ready!'

Now in a sad predicament
The spoilsman's hope for President;
They had four horses in the pasture,
And nary one could run the faster.
Get out, &c.

The wagon-horse from Pennsylvania,
The Dutchman thought was best of any,
But he dragg'd on in heavy stages
His federal actions and low wages.
Get out, &c.

Next was brought upon the gravel,
Another horse, call "Salt and Gravel";
The dust by least could only fly,
And so Levy bid 'good night' to Levi.
Get out, &c.

A war horse now, a dreadful Killer,
Was lolloping, named 'Cotton Piller,'
But he was lame across the withers,
By a kick from 'fuss and feathers.'
Get out, &c.

The next that came though quite a dunce,
Winnie was both side-saddle crack at once,
To make his way would all the age copy,
He sometimes jig and sometimes puppy.
Get out, &c.

So they took him, without 'Fossils,'
The sometime steed of Master Gulliver,—
He fed well while in Philipse's stable,
And thought it his to ride to the French rabble.
Get out, &c.

Oh cage meetings now blow wise,
He couldn't stay and wouldn't go,
But sent a letter to make it clear,
Thought them a hasty for this to stay.
Get out, &c.

The Twiss pulpit was a mighty site,
Until he read old magazine,
All signed the last 'private' proof that he
Should such bad name without the G.
Get out, &c.

But what will become of the nation
Politicians may well be anxious
He will be run through by the Hacks
By the People's horse—they call him Zack.
Chorus—Get out of the way, he's swift and steady
Clear the track for 'Tough and Ready.'

WHIG CONVENTION.

BY TELEGRAPH.

Philadelphia, Thursday, 11½ A. M.

The Convention assembled agreeably to adjournment, at 9 o'clock this morning, the President, Hon J M Morehead, in the chair.

A prayer was offered by Rev Mr Atwood.

The minutes of yesterday were then read and approved.

The committee on credentials made the report that it was in favor of admitting delegates from the District of Columbia to seat, by courtesy, and permitting the State of Texas to be represented by the Louisiana delegates.

A debate ensued, the mooted question being as to the power of state delegates to fill vacancies.

Pending—That part of the committee's report in favor of authorizing a majority of delegates from States not fully represented to cast the entire electoral vote the rest, gave rise to a long debate.

The previous question was called and sustained, and the main question negatived, ayes 120 nays 86.

Ballotings for a Candidate.

GENERAL TAYLOR NOMINATED.

First Despatch.

NEW YORK, Friday morning, June 9.—11 o'clock.

There has as yet been no nomination by the Whig Convention.

At 4 o'clock, yesterday afternoon, the Convention met in Caucus, and a ballot was taken, with the following result—

For Zachary Taylor,	24
Henry Clay,	99
Winfield Scott,	6
Daniel Webster,	3
John McLean,	3

In Convention, a proposition was made that the nominee be pledged to the support of Whig principles and to the Whig party. The proposition was rejected.

Judge Saunders of Louisiana then read a paper defining Gen Taylor's position before the Convention, to be under the control of his friends in the Convention, and to abide the result of the Convention.

Mr Campbell, of Ohio, nominated General Scott; Mr. —— nominated Daniel Webster; Mr Kent, of Maine, *in behalf of the peace men* nominated ZACHARY TAYLOR. Mr Brent, of New York, nominated Henry Clay, in behalf of the whigs of the Union, at which there was enthusiastic applause. Messrs McLean and Clayton were then nominated. Judge Saunders was on motion, now allowed to define Gen. Taylor's position.

A letter from Gen Scott, was read, pledging himself to support the nominee.

A ballot was then taken as follows;

For Zachary Taylor,	111
Henry Clay,	97
Winfield Scott,	43
Daniel Webster,	22
John M Clayton,	4
John McLean,	9

The following is the vote on the first ballot by States.

Peace.

We have at length the details of the news of peace, as received at New Orleans by Le Estafette. It is contained in the following letters published in the Monitor Republicano (City of Mexico) of the 21st.

The letters are introduced by the Monitor as having been received by express, and as being "most authentic and most important":

Queretaro, May 19, 1848.

"At last this population is relieved from that state of mortal anxiety in which it has been kept by a debate of a graver character than any which has engaged its attention since the days when, of our independence. At a quarter past 8 in the evening the 25 votes for and against FIFTY ONE in THREE, were taken. Senors Lafragua, Lozano, and Rosa were the members, both displayed eminent power, and have proved the spotless patriotism of their country.

The danger has passed; the danger which immediately was nearly breathing, and lest an American, look upon us, without [illegible] in its bosom a [illegible] that has so [illegible] shown, I dispose [illegible] and [illegible] [illegible] that the [illegible] [illegible] [illegible] that it be not [illegible] [illegible] particularly.

I do not wish by these remarks to say anything on the Chamber of Deputies; it has conducted itself with dignity and magnanimity. The warm union has been displayed in the deliberations will reserve it honor, and with [illegible] good faith has shown out consciousness of each party, showing these advocating peace and those contending for war. On both sides of the question there are illustrious men; all defended their opinions with all decorum and due spirit and talent."

Queretaro, May 19, 1848

"I stop at a quarter past six o'clock in the evening that the Treaty was approved, by fifty-one votes to thirty-five. The last speakers were Senor Rosa, the Minister, a gentleman named Aguilar, the latter in opposition.

My friend, all has terminated happily. As the Government express leaves this city tomorrow at 10 o'clock, I decided on sending off a mule also, in order that you may be more speedily put in possession of this favorable news.

In our daily issue to-morrow, we shall publish ample details of the subject, only slightly alluded to here. The agony, however, is over."

Messrs Van Buren, Webster, Calhoun, Cass, and Johnson, were born the same year, 1782.

Holden's Aromatic and Tonic Mixture, constantly on hand and for sale wholesale and retail by Gilbert Emerson No. 4 Smith's Block, Agent for Bangor and vicinity.

Dr. G. W. Holden. I was troubled for a year and a half with a painful difficulty of the chest, and also with a bad cough. These troubles have proceeded for by several medicines, in whom I had confidence—I followed the directions given, but found little, if any, benefit or relief. I then tried advertised medicines, of several kinds—the result was the same.

I came to the conclusion I should never be cured. I then told you my troubles, and you gave me your opinion that all proceeded from the state of my stomach (a thing which up to that time I had not suspected, being free from the ordinary symptoms of Dyspepsia.) I took by your advise your 'Aromatic and Tonic Mixture.' I have taken no other medicine and cured my trouble in my chest, and my stomach is almost entirely well, and improving fast. Before taking your Mixture I was often unable to attend to my ordinary business—I am now heavier and my appetite is better. I am heavier in weight—am satisfied you were correct in your opinion, that the Mixture has saved me from a great deal of pain, saved me a great deal of money, and that it will entirely cure me. I do therefore cheerfully and gratefully recommend it to all suffering in like manner.

HO! HO! YOU'RE GETTING BALD, ARE YOU?

Well, that is a misfortune, and a crime, but to remove both, there is one an opportunity offers to restore your hair, by a rightful and liberal use of Jayne's Hair Tonic, is but little short of crime. This valuable preparation restores the scalp to a new and healthy action, cleanses it from scurf and dandruff, prevents the hair from falling off, cures those drip-ping diseases which often appear on the head, and in a majority of cases produces a fine growth of new hair. It also gives the hair a rich and most beautiful appearance, unequalled by any thing of the kind.

'IS THIS MEDICINE?'

We exclaimed the other day on taking some of Jayne's Tonic Vermifuge. It certainly has none of the nauseous flavor which one associates with the idea of physic—Children consider it quite a treat, and in taking it their palates are gratified, and their health restored at the same time. Jayne's Tonic Vermifuge not only destroys worms but carries off the mucus in which they are imbedded, and effects a radical and permanent cure. Every mother knows the prominent symptoms of worms such as restlessness, fetid breath, grinding of the teeth during sleep, paleness of the lips, itching of the nose, &c., but there is another and less not so generally recognized.—A dry cough, dull eyes, enlargement of the abdomen, and many other symptoms common to other diseases, frequently denotes the presence of worms. If their existence is even suspected, the Vermifuge should be administered, because it can do no harm in any case, and may do incalculable good.

Prepared only by Dr D Jayne, Philadelphia, and sold by agency by G W LADD and J S INGRAHAM, Bangor.

For sale in Oldtown, by H & J V RICHARDSON.

A VALUABLE TESTIMONY.

We like at all times to give credit where credit is due, and at the same time we can relieve the distressed, we are doubly gratified we therefore give the following solitary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia Bluffs Carolinian, who appears to have obtained great relief.—(Old Dominion, Portsmouth, Va.

WISTAR'S BALSAM OF WILD CHERRY

We seldom resort to patent medicines, having a great respect for the skill of the regular physician, but chance threw into our way of the above named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost filled up by the highly rarified air of our more warmed state house. The disease immediately seized us in a most harrassing cough, which threatened our health in a dangerous degree. We feel that we are indebted to it for some fifteen pounds of flesh and weight—which addition once FELT cannot be forgotten.

CONSTIPATION OF THE BOWELS, of continuance, headache, gid-ness, pain in the side and back, nausea and sickness, variable appetite, yellow or sallow complexion, &c. are the usual symptoms of bilious complaint. Wright's Indian Vegetable Pills are always certain to remove the above complaints because they purge from the body those morbid humors which are the cause and only cause of all disorders of the liver, and they mildly and efficiently do so. A single 25 cent box will in all cases give relief and a perseverance will most assuredly drive every particle of disease from the system.

IMPORTANT CONSIDERATIONS AND CAUTIONS! Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superseded (in a great measure) the use of Ether, as an allayer of pain, and is now used by the best Surgeons and Dentists in preference. A celebrated Chemist (and one of the first manufacturers of Chloroform,) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE. After testing it in many cases it has never failed to give relief, there is no possible danger in using it, as it will not injure the sound tooth a particle. All that is necessary is to moisten with a bit of cotton or lint, and place it in the cavity of the tooth. Retail will be sold in large bottles. Some genuine without the signature of Sage & Pear on the wrapper. Sold at No. 10 Tremont Row, Boston.

BY THE LAST MAIL.

ONE WEEK'S LATER NEWS

FROM EUROPE.

ARRIVAL OF THE

STEAMSHIP ACADIA,

AT HALIFAX.

We receive, by the Boston Times, the news by this arrival, that paper having employed the steamer Buena Vista, specially to express the news from Halifax, which she accomplished in advance of all other modes.

IRELAND.

We regret to state that the position of Ireland continues to fill us with deep apprehension. The excitement of the Government trials, now in progress, has found vent in demonstration of the clubs and artisans who, in large bodies parade the streets of Dublin, and in spite taunting defiance of the authorities. Obstructions of the public highways take place by the Police and the built mob, and then the constables in the Police Courts and in which petty first committed a breach of the peace. These petty squabbles are exactly indicative of what is passing in secret.

A verdict of guilty was brought against John Mitchell, and great complaints are made of the manner of putting the Jury. Mr Devin Reilly has been arrested.

With respect to the several threats of armed resistance, it may be stated, he it is merely avowed that two of the Confederates of the recent rebellion on oath to free their Majesty's troops were a taste of the pikes, and to be engaged for the old rebellion at Mr Mitchel's in one of the penal settlements.

FAMINE.

The French authorities are endeavoring to discover the officers of the national guard who were among those who forced an entrance into the assembly, and patrolled any one who dressed as an officer of artillery, and also a sword in the tribune when the recorded Provisional Government was proclaimed.

It is stated that the Government has been informed that a widely spread plot had been prepared to carry off, during the fete, a part of the members of the National assembly. So that at the same time several quarters of the capital should be fired, after the supplies of water had been previously cut off, in consequence of this, orders had been given to leave a strong detachment of national guards and pipe and firemen in all the central parts of Paris.

Instructions have already been published of the intention of those in authority of the chief conspirators, now confined at Vincennes, escape. Barbes attempted lately to walk out of the chateau and make off, and had very nearly succeeded. Two of his horse guards connived at his escape, but the third arrested him in the act of going out. He has been ordered confined in the ground floor of the "Donjon." On this attempt being made known to the Governor he was transferred to a room in the upper story. Some, however, believe it has all been a plot, at least so long as the present government remains in office.

It is reported that M. Lacrantine and M. Ledru Rollin have declared that they are prepared to give in their resignations, and that M M Arago, Garnier Pages, and Lamartine are resolved to remain in office.

It is considered probable that M Marrast and M Bethmont will be elected members of the government, in case M M Lamartine and Ledru Rollin resign.

It is said that in the event of the union to be abolished from the duties of representative being rejected, and it has been, the Executive Commission will resign. If this resolution be persevered in, the interval dissensions will no doubt issue in the ruined state dissolution of the present Executive power.

A report prevailed that M. Lamoricière has resigned the Ministry of Justice, and will be replaced by M. Bonjean.

From the 16th ultimo to the 24, no less than 60 German vessels were captured by Danish men of war.

Tranquility is restored at Rome, though on what basis it is not very clearly apparent. We suppose the Pope will not personally declare war against Austria, but allowing his ministers to do so, will affect a complete blind to it shallow minds may somewhat save his dignity.

☞ On the first ballot, for the Whig Convention, for a candidate for Vice President, the following was the result:—Lawrence 109, Filmore 115, Fairbanks, Hunt 1, King 1, Youngl 1, Sohnson Faster 1, Fish 2, McKennan 14, Sargent 6, Stewart 14, Evangl, Choate 1, Clayton 3.

On the second ballot, Filmore was nominated.

PUSHAW HOUSE.

Summer Arrangement.

THIS *Fashionable Hotel*, on the border of the Pushaw Lake, eight miles from Bangor, is now open for the reception of Company.

Parties of Pleasure, Visitors and Boarders.

It is provided with excellent Boats, well furnished with all the necessary tackle for fishing—also Boats for pleasure sailing. This department of the Hotel is, as usual, under the management of Capt. E. T. BURGESS, whose experience and skill can be fully relied upon.

Visitors may be sure of finding good fare, attractive tables, and every desirable attention. In short, the proprietor intends that nothing shall be lacking to make a visit at this Hotel one of the most delightful which can be imagined; and those who wish to smooth the cares and perplexities of the weary every day world, will do well to avoid themselves of a visit.

This house is mainly designed to accommodate pleasure parties from the city, and large parties may be sure of receiving the most gratifying attentions, and of having Dinners prepared at short notice, and the luxury of the Lake breeze and pine grove—and of spending the day in a variety of amusements and exciting sports, where health and comfort will be promoted, their appetite invigorated and their health improved.

☞ Two good Bowling Alleys have been added to this establishment this Spring.

Washington Air-tight Cooking STOVES.

Extract from the Report of the Committee of Mechanics' Fair, New York, 1847—"The Washington Air tight Summer and Winter Cooking Stoves. These Stoves have been recently very much improved. They were, by far, the neatest in shape. They combine beauty and utility in a high degree, and are without one of the very best and most convenient of the many excellent Stoves for which Troy is celebrated. These Stoves have acquired a high reputation as an even baker, and for their many great conveniences." These Stoves have been so fortunate as to secure, the best and most economical Stove out. One half the usual expense of fuel can be saved by using these Stoves. References can be given in great numbers. Also, a great variety of other Stoves—and Sheet Iron, Copper, Zinc, Lead and Tin work of all kinds made to order by neat and experienced workmen. Enamelled Sauce-Pans—Japanned Ware.

My prices, in many thousand instances, have proved satisfactory, and my expectations that they will in many thousands more.

DISEASES OF THE Throat and Lungs.

COUGHS and Consumption, Bronchitis, Pain in the Side and Chest, Night Sweats and general wasting of the system, cured after all other means have failed, by the use of Dr. Wistar's Balsam of Wild Cherry.

DR. VON DERSMITH'S INDIAN COUGH BALM and Lung Balsam.

have been so long in use, and so well known, that no doubt, could the following testimonials be seen, would merely serve to check the sale of this valuable medicine.

CONSUMPTION

AND AFFECTION OF THE LIVER CURED

Of Twenty Year's Standing!

City of New York, June 1 1847

This is to Certify that I, Nelson Lewis, of this City, have been subject to a deep hacking cough, with a pain in the side and chest, attended with night sweats and general wasting of the system, for the space of twenty years, and pronounced INCURABLE CONSUMPTIVE, neither the advice or medicine of physicians nor the many nostrums of the venal have been of any permanent benefit, and I was fast sinking hopelessly to the grave, when I was persuaded by Dr. W. VON DERSMITH to try his INDIAN COUGH BALM AND LUNG BALSAM, the use of which, I gladly acknowledge, has restored me to health, and the prospect of life is again cheering. I feel bound to make this public acknowledgment, that others may be benefited, and the merit of the discoverer be duly appreciated.

In gratitude for which and in the hope of benefiting others, I solemnly testify to the facts in this certificate. NELSON LEWIS, 128 Chatham st.

Sworn to before me this 1st day of June 1847. JOHN C. ... Mayor of the City of New York.

INFLAMMATION OF THE LUNGS

New York, June 18 1847

Dr. VONDERSMITH—Sir, I feel bound to inform you of the great benefit I received from your Indian Cough Balm. I had been troubled with a pain in the chest, difficulty of breathing, &c., for many years past. And though I had tried many things, I could not find any thing to give me relief. I was induced to try your Balm, which I did, and was astonished at the effect it produced. I would recommend it to all who are troubled with a cough, as I believe it to be the best medicine for the lungs in use. Yours, &c. ...

New York, Nov. 1 1848

Mr. Hunt & Co.—I have used Dr. Von Dersmith's Indian Cough Balm and Lung Balsam, and find it to be a valuable medicine. Yours, &c. ...
